STORAGE WITH STYLE®

Storage with Style® is a designer organizer collection that beautifully coordinates to create a harmonious kitchen design. Add storage solutions to your kitchen with a trashcan pullout, spice pullouts, utensil pullouts, pan organizer, and pullout baskets; all designed to coordinate for a cohesive look and increase functionality.

Design is in the details... curved flat wire design details flow across all organizers to create a cohesive collection identity. Grey acrylic liners keep items secure on the shelf and are easy to clean. All organizers feature heavy-duty soft-close slides for smooth performance. The pullouts feature our "No Wiggle" technology, eliminating unwanted side-to-side movement and sag.

Available in two designer finishes, Black Nickel and Polished Chrome, to coordinate with other hardware or mix finishes to add variety. Ships fully assembled, and most install with just four screws. Adding cabinet organization has never been easier or more stylish.

• Pullout Basket & Pilaster System

Organize pantry spaces with this customizable system. Install baskets directly to cabinet bottoms or shelves in base cabinets to bring the back of the cabinet within reach.

NEW! Blind Corner Pullout

Take the frustration out of blind corners by converting that space to fully functional and accessible storage.

Trash Can Pullout

Tuck away trash cans with this pullout that is available in single or double can units. Use a double can unit for trash and recycling in one space.

Drawer Base Pullout

Maximize storage in narrow cabinets underneath a drawer with this organizer unit. Install next to the stove to keep spices and cooking supplies close at hand or near the sink to store dish soap and other cleaning supplies.

Design is in the details

Curved flat wire design details flow across all organizers to create a cohesive collection identity

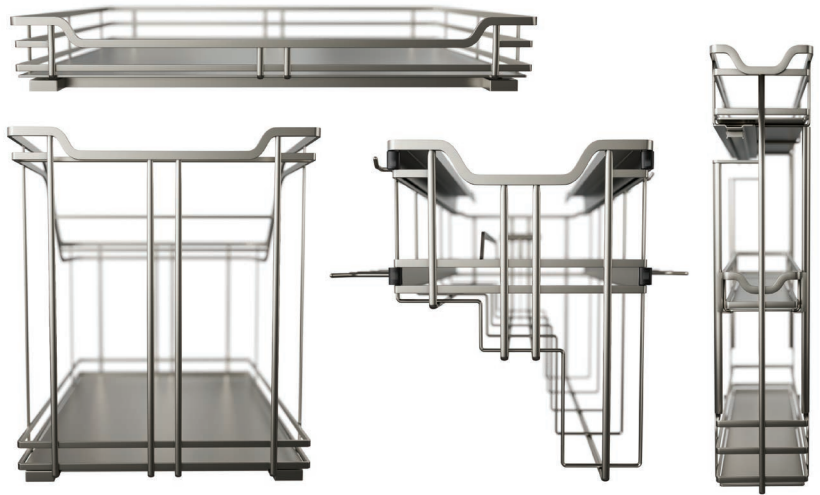

Stylish finish options

Designer finishes of Black Nickel & Polished Chrome coordinate with popular hardware styles, or mix finishes to add variety

Designed to fit in standard cabinets

Works in face frame or frameless cabinets and in inset applications

NEW! Blind Corner Pullout

All four baskets pull out of the cabinet opening for full access

Metal baskets are adjustable in height

Universal design for left or right-hand blind corners

Available in standard and full-height blind corner cabinets.

For full-height option, additional baskets can be added to make a 3-tier organizer.

Includes heavy-duty soft-close slides for smooth movement in and out of the cabinet (preinstalled)

Heavy-duty frame construction ensures organizer is stable when in motion

Acrylic liners add stability to baskets and are easy to clean
