

TASKTM
lighting & power

Bring your designs to light with professional-grade LED lighting and power!

Easily turn this...

Into this!

A Wide Variety of Products

LED Lighted Power Strip

Upgrade workspaces with one hidden fixture that combines LED lighting and power outlets.

Angle Power Strip

Optimize outlets where they're needed most while keeping them hidden from eyesight for an elevated, functional workspace.

LED Linear Fixtures

Add uniform lighting with a sleek solution that is designed to fit standard cabinet sizes.

LED Tape Lighting

A flexible, versatile lighting solution to fit in tight spaces, around curves, or in hard-to-reach areas to enhance the aesthetic of a space.

LED Lighted Closet Rod

Add value to any closet project with a Lighted Closet Rod.

LED Specialty Lighting

Add creative lighting, such as backlighting or spotlighting, to create a "wow" factor.

A Wide Variety of Resources

Industry leader since 1985

Founded in 1985, Task Lighting & Power, a market leader in the development of power and lighting solutions for the kitchen and bath industry for over 35 years, is dedicated to providing quality lighting and power products for the residential and commercial building industry. From the company's manufacturing and design center in Kearney, Nebraska, Task Lighting & Power has developed products that are EASY to install and operate.

Preserve the Beauty of the Backsplash

Don't let unsightly power outlets ruin a beautiful design

Place power where it's needed and eliminate the need to cut into a beautiful backsplash with a patented Angle Power Strip or Lighted Power Strip fixture tucked up underneath a cabinet or shelf. Designed for kitchens, baths, offices, laundry rooms, and more.

Power that disappears at eye level

Angle Power Strip fixtures are designed to tuck up underneath cabinets, providing power where it's needed most while keeping the outlets hidden from view.

At first glance, the Angle Power Strip isn't visible.

From a lower viewpoint, you see the Angle Power Strip hidden out of sight!

Eliminate those unsightly power outlets with sleek, hidden Angle Power Strip fixtures

Preserve the beauty of the backsplash

Don't interrupt your beautiful backsplash with ugly outlets; install an Angle Power Strip fixture to add more outlets that are tucked up out of sight for when you need them most.

With Tucked-Away Power

Angle Power Strip and Lighted Power Strip Fixtures

- 4 finish options (Black, Bronze, Satin Nickel, and White)
- USB charging options
- Standard lengths and configurations make it easy; custom options also available
- Combine light and power with a Lighted Power Strip fixture—tunable-white and single-white options available
- Designed and built in Kearney, Nebraska

Eliminate unsightly power outlets and illuminate the kitchen with lighting and power tucked away together underneath the cabinets.

Tunable-White lighting allows design flexibility

Choose the Kelvin temperature after installation to match the homeowner's preference and give them the freedom to adjust the temperature to match their activities throughout the day with Lighted Power Strip Tunable-White fixtures featuring patented two-wire TandemLED™ Technology.

Tune lighting to Warm White to relax in the evening.

Set lighting to Daylight White while cooking and cleaning.

Lighting Made Easy

Make a statement with LED lighting

Improve the functionality of any space by adding under-cabinet LED lighting over high-use surfaces. Enhance the aesthetic appeal of a space by adding lighting above cabinets to make a room feel larger, under toe-kicks to give a subtle glow, or inside cabinets to highlight decorative dinnerware.

Lighting benefits

- Easy to install
- Easy to control with wireless, wired, and smart home enabled options
- Versatile lighting applications

LED lighting products

- Linear Fixtures, Tape Lighting, Puck Lights, Specialty Lighting, Multi-Color RGB Lighting
- Tunable-White Lighting featuring patented TandemLED™ technology
- 4 single-white light output options
Warm White 2700K, Soft White 3000K,
Cool White 4000K, and Daylight White 5000K
- Multiple light output options available

With Versatile Lighting Products

5 YEAR
WARRANTY

Tune lighting to Warm White to complement brown woods or warm colors.

Take the guesswork out of choosing the right lighting

Use tunable-white tape lighting to select the white light Kelvin temperature after the cabinets and lighting are installed to match the color scheme of a room. Choose a warm white or daylight white and any shade of white in between to enhance design elements in different ways and personalize your lighting experience throughout the day.

Set the lighting to Daylight White to enhance white or lighter colored spaces.

Scan the QR code to learn more about our Tunable-White Lighting with patented, two-wire, TandemLED™ technology or visit www.TaskLighting.com

Tunable-White lighting makes it easy to adjust the brightness and temperature based on the time of day or activities you're doing.

Warm White 2700K	Soft White 3000K	Cool White 4000K	Daylight White 5000K
			
Control brightness and temperature independently

Easy-to-Install LED Lighting

Easy to install in any space

Cut-to-length tape lighting and linear fixtures are sized to fit in standard cabinet width and are easily installed with either a simple peel and stick application or mounting clips for a snap in installation.

Multiple options for personalized lighting

Choose Kelvin temperature, light output, length, and more. Control with wireless, wired, or smart home systems to create a personalized lighting experience in any space.

Stress free set-up

Our trained team of designers and technicians help lay out exactly what is needed without the need for extensive lighting knowledge.

For Any Application!

Easy-to-install LED lighting products

- Designed to accommodate all installer skill levels
- Tap into existing wiring or simply plug into an existing electrical outlet
- Easy-to-follow installation videos and instructions
- Use only what you need for wire with no messy bundles to hide—no jumpers or leads to order!
- Wireless Controller means no need to wire in a wall switch (easily mount on the wall to look like a wired-in switch)

LED Linear Fixtures make installation clean and easy for any application

Smart home integration made easy

Our WAV Smart Control™ devices can be easily integrated with smart home apps or voice-controlled devices like Amazon Alexa. WAV Smart Control™ devices enable the lights to be easily added to leading smart home apps—no additional downloads or software to keep updated!

“Alexa, set the kitchen lights to Cool White!”

Use with a smart home speaker for voice control (not sold by Task Lighting)

Looking for a Simple Solution?

Tunable-White LED Linear Fixtures make every decision easy

Looking for a light that works for any space and any application? We recommend the Tunable-White LED Linear Fixtures as a premier solution. Simple plug-and-play installation, along with the ability to change the white light temperature AFTER installation and at any time, make these fixtures the prime option to install in any space.

Lighting made easy

The simplest configuration for easy installation is an LED Linear Fixture, plug-in power supply, receiver, and lighting control option.

LED Linear Fixture + Power Supply & Receiver + Lighting Control

Designed for simplicity

Every fixture comes fully assembled—install the mounting clips, attach connection wire, and snap into place.
